flint • Aug 20, 11:10 PM

 Ping outside of Essex that things are about to start. I'd give it five. Seems like something is about to happen.
flint • Aug 20, 11:11 PM

 @Flint, are you going to stream us some video?
Kosh • Aug 20, 11:11 PM

 I am going to try. Not my stream. I'm thinking some rogue element, given my source.
flint • Aug 20, 11:13 PM

 Hotel Figueroa?
Melissa • Aug 20, 11:13 PM

 I think I was spotted. Taking cover.

Yes. Just posted. Interesting times. See what you think of my analysis. Have not read the whole thread above. Will do.

This time, I can't blame Wright for sending me on the mission. I think it was Resistance New Wave.

flint • 11:14 AM

It would be great to post your conclusions about last night's event and the assembled video (synced with sound) on Essex along with your theories. A very select few know about this now, but it ought to get out. The New Wave Resistance is planning an ambush and I've got mixed feelings about it, but word should go ou.
